Individualized Degree Programs

The degrees described below are administered by faculty committees that approve course choices designed to meet the student’s goals. Degrees described here are:

- Bachelor of Applied Science
- Associate of Arts and Bachelor of Arts in General Studies
- Bachelor of Science in Health Science

Bachelor of Applied Science

The Bachelor of Applied Science (BAS) degree is an interdisciplinary degree designed specifically for students who have completed Associate of Applied Science (AAS) degrees approved by the Idaho State Board of Education. The purpose of this degree is to provide AAS graduates the opportunity to expand their general education competencies and to enhance the technical coursework of their AAS with related academic coursework. This degree builds upon the knowledge a student gained through the pursuit of the AAS while providing the education and critical-thinking skills that open career opportunities. The BAS degree is administered through the Student Services Office in the College of Technology. All individual degree plans are approved by assigned advisors and a committee.

The BAS degree includes the following credit requirements:

Requirements for Robotics and Communication Systems Engineering Technology (3-year A.A.S)

| Professional-Technical credits applied toward the BAS Degree | 76 |
| General Education Requirements | 36 |
| Academic Coursework (all upper division credits earned beyond coursework completed for A.A.S. degree) | 18 |
| Total Credits Required (minimum) | 130 |

Requirements for all Other ISU C Tech A.A.S. Programs

| Professional-Technical credits applied toward the BAS Degree | up to 50 |
| General Education Requirements | 36 |
| Academic Coursework (all upper division credits) | 36 |
| Total Credits Required (minimum) | 120 |

A minimum of 12 credits must support the AAS technical coursework. All BAS students must earn a minimum of a 2.0 GPA in academic coursework for graduation. Non-business students are limited to total business credits equaling 25% of their total credit. Upper division academic coursework must relate to the student’s approved goal statement. It is recommended that 24 academic credits be completed after degree plan approval.

Out-of-state AAS degrees must be evaluated for meeting Idaho State Board of Education standards. If the AAS degree is over 5 years old, the student must be evaluated for currency in technical field.

After completing a minimum of 15 credit hours of BAS general education requirements and one semester of the technical program, the BAS student develops an individualized degree plan in consultation with both academic and technical advisors assigned to the student by the BAS committee chair in the College of Technology Student Services Office. Based on the student’s concise and clearly written goal statement, the individualized degree plan will list the specific approved courses that meet the above described degree requirements. The degree plan and the goal statement must be approved by the BAS Committee.

Majors:

Students earning the BAS degree will have a major of Applied Science unless they fulfill the requirements for the Paralegal Studies major listed below.

Paralegal Studies

Students seeking this degree must complete an AAS in Paralegal Studies. A minimum of one semester of the AAS degree and 15 credits of general education must be completed prior to submitting a degree plan to the BAS Committee.

Students must complete a minimum of eighteen hours of academic course work from the following courses. (Some of the courses below have pre-reqs):

- POLS 4441 Administrative Law 3
- POLS 4442 Constitutional Law 3
- POLS 4443 Civil Rights and Liberties 3
- POLS 4445 Jurisprudence 3
- POLS/ANTH 4478 Federal Indian Law 3
- POLS/ANTH 4479 Tribal Governments 3
- SOC 3310 Introduction to Criminal Justice 3
- SOC 4431 Criminology 3
- MGT 4461 Business Law 3
- MGT 4480 Labor and Employment Law 3
- POLS 3308 State and Local Government 3
- POLS 4404 The Legislative Process 3
- POLS 4444 Law and Society 3
- POLS 4467 State and Local Administration 3
- MGT 4483 Industrial Relations 3
- CMP 3320 Foundations of Leadership 3
- CMP 4422 Conflict Management 3

Students must select an additional 18 upper division credits with an assigned BAS advisor and obtain approval for their degree plan from the BAS Committee.
