The Theatre and Dance Program offers a well-rounded curriculum that is both fundamental and innovative. Theatrical productions range from classics to contemporary, from intimate to large-scale, and from student-directed to faculty produced. The program is structured to provide a rich mixture of academic, design, and performance courses, coupled with a broad array of electives, enabling ISU students to pursue theatre as a profession.

Special Graduation Requirements
The Department of Theatre and Dance requires a departmental GPA of 2.5 as a standard for graduation. An additional requirement is that a theatre major or theatre or dance minor must earn no less than a "C-" grade in each THEA or required dance course that is fulfilling a degree program requirement to be considered passing. Furthermore, at least a "C-" grade must be received to advance to another course for which the earlier course is a prerequisite, or to advance to the next level of a continuation course.

Students completing any bachelor's degree must complete 8 of the 9 General Education Objectives (a minimum of 36 credits--see the General Education Requirements (https://coursecat.isu.edu/undergraduate/academicinformation/generaleducation/) in the Academic Information section of this catalog.)

Auditions
Auditions for Department of Theatre and Dance productions are open to all University students. Theatre majors are required to audition for every mainstage production or work in a technical position in order to remain in good standing as a theatre major. Only theatre majors in good standing are eligible to audition for theatre scholarships.

Dance Program
The B.A. in Dance and Choreography has been discontinued.
