Workplace Training and Leadership (WTL)

The BS in Workplace Training and Leadership is a degree for traditional students and working professionals taught entirely online with face-to-face and virtual advisements. It is sought by individuals interested in organizational learning careers, and by aspirational managers. The BS in Workplace Training and Leadership program is a flexible degree that prepares practitioners to identify and diagnose individual and organizational needs; to design, implement, and evaluate learning, development; and change strategies to improve performance. The degree is comprised of WTL Program Core courses, WTL Approved Elective courses, General Education courses, and Free Electives. The WTL Elective courses will be tailored to the individual's degree plan to complement the student's career choice and must be approved by the WTL advisor and may include competency-based experience (CBE) courses, upper and some lower division courses (OLP and non-OLP coursework), and minors in disciplines complementary to the student's career path. Other courses than those listed for WTL Electives will be considered in consultation with a WTL faculty member.
