

Accelerated B.A. or B.S. Community and Public Health, Addiction Studies Concentration to MHE

Program Admissions Requirements

There are no program admission requirements for the B.A. or B.S in Community and Public Health with a concentration in Addiction Studies.

Accelerated BA/BS to MHE Program

Students accepted into an accelerated undergraduate program may take departmentally approved graduate coursework as part of their undergraduate curriculum. These credits will count towards both their bachelor's and master's degrees and can fulfill major requirements, upper-division requirements, and/or free electives. For details on accelerated programs at Idaho State University, please see (Degree Requirements (<https://coursecat.isu.edu/undergraduate/degreerequirements/>)).

Once accepted into an accelerated degree program, it is strongly recommended for students to stay in close communication with their advisor regarding pursuit of acceptance into the Graduate School and the master's degree program at Idaho State University. Acceptance into an accelerated program during the bachelor's degree program is the first step in the admissions process. A separate application to the Graduate School is necessary for all accelerated programs. For more information regarding application and admission to the Graduate School at Idaho State University, please see the Graduate Admissions section of the graduate catalog (<http://coursecat.isu.edu/graduate/graduateadmissions/>).

Community and Public Health, Addiction Studies Concentration Accelerated Criteria

This accelerated program gives outstanding bachelor's degree students in Community and Public Health, Addiction Studies a "fast-track" option to pursue graduate-level coursework towards the Master in Health Education degree during the last two semesters of undergraduate coursework and count up to 12 credits of that coursework towards completion of the bachelor's degree. For details on application and admission into the Accelerated program, please see (Community and Public Health (<https://coursecat.isu.edu/undergraduate/college-of-health/community-and-public-health/>)).
