

CTE Advanced Opportunities

What is CTE Advanced Opportunities?

CTE Advanced Opportunities is a program for high school students that allows them to receive college credit for the skills gained in high school career & technical education classes. These credits are affordable and can save students a significant amount of money in tuition costs.

Types of CTE Advanced Opportunities:

DUAL CREDIT

- Cataloged College Course
- \$75 per credit
- Fees paid at time of registration
- Credit earned simultaneously at high school and college
- Fast Forward eligible

TECHNICAL COMPETENCY CREDIT (TCC)

- Competency Based
- \$10 per credit
- Fees paid when student chooses to pay fee for transcription within 2 years
- Post-secondary credit awarded at time of purchase
- NOT Fast Forward eligible

Contact Information

The CTE Advanced Opportunities office provides support services designed to help high school students understand what career and technical courses are available at their high school and develop a stronger bridge for students between secondary and post-secondary education. For more information, please contact our office.
